

COMMON MINIMUM SYLLABUS AS PER NEP 2020
FOR ALL STATE UNIVERSITIES OF UTTAR PRADESH

Diversity of Plant Viruses, Bacteria, Fungi and Algae

Dr. Pallavi Dixit

Kripa Drishti Publications, Pune.

**DIVERSITY OF PLANT
VIRUSES, BACTERIA, FUNGI
AND ALGAE**

Dr. Pallavi Dixit

Associate Professor,
Department of Botany,
Mahila Vidyalaya Degree College,
Lucknow.

Kripa-Drishti Publications, Pune.

Book Title: Diversity of Plant Viruses, Bacteria, Fungi and Algae

Author by: Dr. Pallavi Dixit

1st Edition

ISBN: 978-93-94570-02-3

Published: October 2022

Publisher:

Kripa-Drishti Publications

A/ 503, Poorva Height, SNO 148/1A/1/1A,
Sus Road, Pashan- 411021, Pune, Maharashtra, India.

PREFACE

The present book entitled 'Diversity of Plant Viruses, Bacteria, Fungi and Algae' has been written in accordance with the curriculum proposed by New Education Policy: 2020. In this book an effort has been made to fulfil the long felt needs of undergraduate students, however the students of postgraduation will also benefited from this book .The text has been written in a simple,lucid language and profusely illustrated with self -explained diagrams and photographs. The figures are provided with detailed legends.

No claim of originality is made in the preparation of this book. It is simply a compilation work done in a manner in which it prove most useful to reader. A large number of standard books on the subject and Research Journals have been consulted, grateful thanks are due to the Authors, Editors and Publishers of these books and Journal. I wish to express my deep sense of gratitude and indebtedness to those who helped me directly or indirectly during the preparation of the manuscript of this text. I am really grateful to my publisher for bringing out the book in a nice form. All suggestions to improve the book will be thankfully accepted.

Dedicated to

Padma Shri

Dr. Edavalath Kakkat Janaki Ammal

First Indian Woman Botanist,

for her outstanding contribution in the field of Botany

INDEX

Unit-1	1
1.1 Nature Classification and Structure (Helical and Icosahedral Symmetry) of Plant Viruses:.....	1
1.1.1 Classification of Viruses:	1
1.1.2 Structure of Viruses:	4
1.2 Symptoms (External and Internal) of Virus Infected Plants:.....	11
1.2.1 External Symptoms of Virus Infection:	11
1.2.2 Internal Symptoms of Virus Infection:	12
1.3 Transmission of Plant Viruses:	13
1.3.1 Method-1: Seed Transmission of Virus:	13
1.3.2 Method-2: Transmission by Vegetative Propagation:	14
1.3.3 Method-3: Transmission by Mechanical Means:.....	14
1.3.4 Method-4: Transmission by Cuscuta:	15
1.3.5 Method-5: Soil Transmission:	15
1.3.6 Method-6: Insect Transmission:	15
1.3.7 Method-7: Transmission by Fungi:.....	16
1.3.8 Method-8: Some Soil Inhabiting Viruses have Nematode Vectors:..	17
1.4 Genome Organization and Replication of Tobacco Mosaic Virus:	17
1.4.1 Genome Organization:	17
1.4.2 Replication of Tobacco Mosaic Virus (TMV):	25
1.5 Techniques in Plant Virology:	27
1.5.1 Purification:	27
1.5.2 Electron Microscope:	28
1.5.3 Serology:	29
1.6 Structure and Replication of Bacteriophage:.....	31
1.6.1 Structure of Bacteriophage:.....	31
1.6.2 Reproduction (Replication cycle) of Bacteriophage:.....	32
1.7 Structure and Replication of Viroids:.....	34
1.7.1 Structure of Viroids:.....	34
1.7.2 Replication of Viroids:	36
1.8 References:.....	37
Unit-2	39
2.1 Overview of Cell Structure and Function in the Prokaryotes:.....	39
2.1.1 Structure of Prokaryotes: Bacteria and Archaea:.....	39
2.1.2 Function in the Prokaryotes:.....	40
2.2 Classification of Prokaryotes Based on Cell Structure:.....	43
2.2.1 Archaea:.....	46
2.2.2 Gram Positive and Gram-Negative Bacteria:	46

2.2.3 Mollicutes:	50
2.3 Metabolic Diversity of Bacteria:	50
2.3.1 Phototrophic Metabolism:	50
2.3.2 Autotrophic Metabolism:.....	51
2.3.3 Heterotrophic Metabolism:.....	53
2.3.4 Fermentation:	54
2.4 Bacterial Cell Division and Microbial Growth:	59
2.4.1 Bacterial Cell Division:	59
2.4.2 Microbial Growth:.....	64
2.5 Bacterial Genome and Plasmids:.....	66
2.5.1 Bacterial Genomes:	66
2.5.2 Plasmids:.....	70
2.6 Variability in Bacteria:.....	70
2.6.1 Heritable Variations:	71
2.6.2 Non – Heritable Variations:.....	71
2.7 Mutation and Genetic Recombination:	72
2.7.1 Mutation:	72
2.7.2 Genetic Recombination:	72

Unit-3 86

3.1 Overview of The Cell Structure and Function in Eukaryotes (Yeast):.....	86
3.1.1 Eukaryotic Cell: Structure and Function:	86
3.4 Characteristics and Life Cycles of The Following Fungi:	102
3.4.1 Oomycota:	102
3.4.2 Zygomycota:	122
3.4.3 Chytridiomycota: The Chytrids:	128
3.4.4 Ascomycetes:	134
3.4.5 Basidiomycota: The Club Fungi:	162
3.4.6 Deuteromycota:.....	197
3.5 Lichens: Classification, Thallus Organization, Reproduction:	201
3.5.1 Classification of Lichens:	201
3.5.2 Thallus Organization:	203
3.5.3 Reproduction in Lichens:	206
3.6 Role of Lichens in Environmental Pollution:.....	210
3.6.1 Role of Lichens in the Environment:	210
3.6.2 Lichens in The Cycling of Nutrients:	211
3.6.3 Lichens in the Colonization of Forests After Wildfire:.....	211
3.6.4 Lichens as Bio-Indicators and Bio-Monitors of Pollution:	211
3.6.5 Heavy Metal Accumulation by Lichens:	212
3.7 References:.....	214

Unit-4 215

4.1 General Features of Algae:	215
4.2 Range of Thallus Organisation in Algae:.....	216

4.2.1 Unicellular Algae:.....	216
4.3 Classification of Algae:	219
4.4 Ultrastructure of Eukaryotic Algal Cell:.....	222
4.4.1 Cell Wall of Eukaryotic Algal Cell:.....	222
4.4.2 Plasma Lemma of Eukaryotic Algal Cell:.....	222
4.4.3 Protoplast of Eukaryotic Algal Cell:.....	223
4.4.4 Chloroplast of Eukaryotic Algal Cell:.....	223
4.4.5 Flagella of Eukaryotic Algal Cell:	223
4.4.6 Stigma or Eyespot of Eukaryotic Algal Cell:	224
4.5 Ultrastructure of Cyanobacterial Cell:.....	224
4.5.1 Outer Cellular Covering of Cyanobacterial Cell:	224
4.6 Economic Importance of Algae:	226
4.7 Character and Life Cycle:	231
4.7.1 Characteristics of Cyanophyta:.....	231
4.7.2 Characteristics of Chlorophyta:	236
4.7.3 Characteristics of Xanthophyta:.....	267
4.7.4 Characteristics of Phaeophyta:	274
4.8 References:.....	287

About The Author

Dr. Pallavi Dixit

The Dr. Pallavi Dixit is well renowned in the field of Science and Literature .She is working as Associate Professor in the Department of Botany at Mahila Vidyalaya Degree College ,Lucknow.She has authored 03 books and edited 04 books ,01 is under publication ,Published 05 Book Chapters more than 80 articles and 15 Research Papers in various journals of National and International repute.She has also presented more than 30 research papers in various National and International Seminar/Conferences,received many prestigious awards and honours in the field of Science and Literature.
